

LOCAL REALTOR EARNS e-PRO CERTIFICATION

The Re/Max Achievers office located at 2060 E. High St, Pottstown congratulates Denise Brown on earning her e-Pro Designation earlier this summer.

The e-Pro designation certifies real estate professionals as internet professionals. This is the only certification of its kind recognized nationwide and endorsed by the National Association of Realtors.

"The information given and gained from this course was phenomenal," said Brown. "The certification will keep me on top of industry changes and supports my efforts in building a productive referral network. I have gained an invaluable education for business planning. Eighty-percent of consumers searching for real estate are surfing the internet. Keeping this in mind I am an invaluable resource in assisting the consumers with real estate related questions and opportunities."

DENISE BROWN

Brown services Montgomery, Chester, Berks and Bucks counties. Re/Max's Trend MLS bar charts display Re/Max's premier market presence in these counties. Denise is a member of Montgomery County Association of Realtors, National and Pennsylvania Association of Realtors. No stranger to community service, Denise donates a portion of her commissions to the Children's Miracle Home Program, participates in the local Chamber of Commerce and supports The Komen Foundation. She is a volunteer with the Pottsgrove School District and is a regular volunteer with her church's "Feed the Needy Program."

Call Denise Brown at 610-819-1526 or 484-459-4103 or email denisebrown-homes@comcast.net. Denise's office is located on 2060 E. High Street in Pottstown.

"You will not be disappointed in Denise's services. Her business approach is a breath of fresh air and she has a positive approach/outlook when servicing all of her customers/clients. Denise is a first class agent", offer John E. Ohler, SR. Broker/Owner.
