Recruiting

Why RE/MAX? Best brand, technology, education, systems, web presence, and strategies to help owners and agents alike maximize their potential.

Why RE/MAX?

Agents are always more successful at a RE/MAX office because leads generated by their listings and advertising are directed to them. There are no other agents or middlemen grabbing their inquiries nor is there a referral department trying to sell them their own business. RE/MAX agents reap the benefits of their efforts.

Leads

The RE/MAX Brand has a well recognized logo known throughout the world; much of this has been done through television advertising. When the public thinks real estate, they think RE/MAX. Because of their strong National TV Advertising Campaign, the public sees the RE/MAX Brand is synonymous with quality agents.

RE/MAX Brand

Many of our top professionals have told us that such exclusive features as RE/MAX University and the materials available only on RE/MAX Mainstreet – a private site for RE/MAX Associates only – are making a major difference in their success.

RE/MAX Connection,
Mantua, Marlton

RE/MAX Mainstreet

I am highly impressed with the RE/MAX Web Site. Agents are amazed as we walk them through the features such as the Seller Reports and the RE/MAX Design Center. In addition to that, our agents love the instant acceptance via your cell phone on internet leads.
