The Design Center was implemented in February 2005 and has been considered an invaluable tool to those associates who utilize its features.

What is the Design Center? It is an Intranet based Desktop Publishing and Presentation software that allows agents to easily customize projects to reflect individual needs. The Design Center provides high impact sales and marketing materials to enhance your Listing Presentations and advance self-promotion. Projects Include: Animated Web Commercials, Brochures, Flyers, Postcards, Property Cards, and Ecards.

Completed projects can be printed on a personal printer, sent to a professional printer, emailed to clients, or posted on an agent website. The RE/MAX Design Center is FREE for all RE/MAX of New Jersey Associates and available 24 hours a day.

The Design Center can be found on REgion Central www.remax-nj.net. Click on the Design Center link, print and follow the directions to set up your account. You will need access to the website management center to create an account. If you have never logged in and need your user name and password, you can contact the Design Center help desk to get this information.

If you have any questions regarding access to the Design Center, help with projects or any suggestions for new products, please contact Jayne Bear at design@remax-nj.net or 800-828-7065 x308.

Time's up! Gotta go. Have suggestions for other Tech Tips? E-mail me.

As always, feel free to contact Troy at the regional helpdesk with any tech support question at help@remax-nj.net or (888) 54-REMAX.
